# GARDENA combisystem

The mark of responsible forestry

## One handle, many tool attachments

GARDENA combisystem range is a clever interchangeable garden system that reduces the amount of tools required for various gardening applications.

combisystem operates with a universal handle to which different tool heads can be attached.

The handles are designed to work efficiently and comfortably and guarantees a perfect wobble free connection with a tight fit. Wooden handles meet all FSC® standards. Only wood from exemplary managed forests are used for GARDENA handles.

**All GARDENA combisystem tools are backed by a 25 year warranty.**

## Premium Quality Guaranteed

GARDENA combisystem range of tools are designed for every possible gardening task. High quality plastic and steel attachments (steel tools are coated with duroplast to protect from corrosion). combisystem tools can be stored in a space saving aluminium tool rack that can be wall mounted for easy access.

### One handle, various attachment options

Clever interchangeable system reduces amount of gardening tools required.

The mark of responsible forestry

### *Tips and tricks*

Gardeners frequently complain of back pain, but it can easily be avoided with the right equipment and the correct posture. Ensuring the handle of your tools is a sufficient length enables you to work in an upright position. When performing tasks that involve reaching up high, a telescopic handle can make your task easier.

## combisystem Hand Tools

The combisystem hand tool range is ideal for various outdoor tasks and consists of the following attachments:

### Did you know

The benefit of the GARDENA combisystem is that the handle can be easily attached to +/- 30 different tools. The screw cap connection guarantees a wobble-free connection and secure tight fit while working.

Guaranteed tight fit and wobble free connection

Over 50 combinable systems

Work in upright position which is easy on the back

combisystem tool rack

## combisystem Handles

One handle for various attachments: a wide range of applications for all year round.

- Handle and tool are guaranteed to fit tightly together
- Easy to fit tools using soft plastic screws
- Environmental protection : Wooden handles meet all FSC® standards

## combisystem Tool Rack

The recommended storage solution for the combisystem range is the combisystem Tool Rack (3501-20).

The aluminium Tool Rack with fibre-glass reinforced plastic holders can store various tools on the galvanised steel hangers. Non-slip sleeves secure handles that have a diameter of 18 to 40 mm.

This space saving Rack can be used for versatile home accessories (e.g. brooms, mops, rakes, hoes, etc).

Each holder has a total weight capacity of 10 kg. The complete Tool Rack has a total weight capacity of up to 60 kg.

# combisystem Gardening Tools

The combisystem range consists of the following attachments that are perfect for general garden maintenance from raking, soil cultivation and pruning. Simply choose one handle that fits these various attachments - perfect as a storage saving solution.

## Rakes

**Rake Spring**  
(3100-20)

**Adjustable Rake Plastic** (3099-20)

**Adjustable Rake Steel** (3103-20)

**Lawn Rake**  
(3101-20)

**Rake**  
(3177-20)

## Hoe, Grubber & Soil Cultivator

**Cultivator**  
(3135-20)

**Hoe**  
(3113-20)

**Draw Hoe**  
(3193-20)

**Garden Hoe**  
(3219-20)

**Grubber**  
(3135-20)

## Pruning

**Branch Pruner**  
(297-20)

**Bow Saw**  
(691-20)

**Saw 300PP**  
(8737-20)

**Saw 315PP**  
(8738-20)

## Lawn Care

**Fertiliser Spreader**  
(420-20)

# Cleaning Range

As part of the combisystem offering, the following products are designed for cleaning around the garden and home.

**Broom**  
(3621-20)

**Terrace Broom**  
(3609-20)

**Squeegee**  
(3642-20)

**Gutter Cleaner**  
(3651-20)

**Angle Broom**  
(3634-20)

## *Tips and tricks*

It is not uncommon for people to suffer serious falls from their ladder when they attempt to clean their gutters. A much safer and more convenient option is to remove the dirt using the combisystem gutter cleaner with a telescopic handle connection – while keeping your feet safely on the ground.

# Fruit collecting solution

Easy way to pick up windfalls and fruit of various sizes without bending or stretching.

**Fruit Picker**  
(3115-20)

**Fruit Collector**  
(3108-20)
