# The GARDENA 18V POWER FOR ALL Battery System

The **POWER FOR ALL** ALLIANCE is one of the largest cross-brand battery alliances of leading manufacturers worldwide and offers the greatest variety of applications for your home and garden.

Co-founding the **POWER FOR ALL** ALLIANCE, GARDENA provides even more flexibility in using one battery for all battery powered garden tools.

## All benefits at a glance

One of the largest cross-brand battery systems.

Greatest application variety for your entire home and garden.

System flexibly expandable by tools across many brands.

Save space.  
Save money.  
Protect the environment.

100 % compatibility within the **POWER FOR ALL** ALLIANCE.\*\*

# United in ONE 18V battery ecosystem

New!

One battery can be used for multiple products in the GARDENA Battery range.

## All GARDENA tools:

- Are light and ergonomic
- Run long and charge fast
- Are part of a multi-compatible battery system

# Passion Powered by

The **POWER FOR ALL ALLIANCE** is a real game changer:

Having one versatile 18V battery system for all your needs in and around the house makes getting from indoors to the outdoors easy.

Discover all brands in the alliance at  
[powerforall-alliance.com](http://powerforall-alliance.com)

**3 year warranty\***

Register your product within 3 month after purchasing date, and extend the standard 2 years manufacturer's warranty to 3 years.

## LED indicator

Always see the charging state during working.

## Compatibility

One 18V battery fits all products.

## Quick charging

Significantly reduced charging time by 50%. Performance and quality guaranteed.

## Solo Range

Battery Powered products are supplied without battery and charger. Batteries and chargers sold separately.

# Battery & Charger Starter-Kits

The POWER FOR ALL batteries, chargers and products offer broad variability and compatibility throughout all 18V products.

For the POWER FOR ALL 18V batteries, only high-quality Li-Ion cells are used to ensure a long and save battery life.

## • High quality Li-Ion cells.

Only specially selected and tested Li-Ion cells are used to ensure a long battery life.

## • Light and compact.

Li-Ion battery convinces with a perfect runtime-weight proportion thanks to their high energy density.

## • No self-discharge.

The battery does not self-discharge and is always ready for use.

## • No memory effect.

The battery can be fully or partly charged at any time.

## • Protection against overheating or overload.

To prevent the battery from overheating under the heaviest conditions, the electronics intervene if necessary and lock the tool.

## • No deep discharge.

The battery does not deep discharge, protecting it from damage.

# LAWN CARE

## Battery Powered PowerMax™ Lawnmower 32/36V P4A Solo

### Manoeuvrable, efficient, powerful

The GARDENA PowerMax™ 32/36V P4A (2 x 18V) is the perfect battery-powered lawnmower for small to medium lawn areas. The lawnmower is compatible with all battery systems from the POWER FOR ALL ALLIANCE.

The specially hardened blade, which has a working width of 32 cm, ensures excellent cutting results. The cutting height can be easily adjusted to ten different levels using the QuickFit system – simply press and turn. Lawn combs on the sides of the housing ensure that no unsightly tufts of grass are left standing, even along walls and curbs.

The ergonomically shaped ErgoTec handle with switches on both sides ensure your hands are always in a relaxed working position. So you can push the mower for longer periods of time without tiring. A clearly visible LED indicator on the mower shows the current battery charge level.

The practical CnC (Cut and Collect) system ensures that the grass is cut and collected efficiently. Due to the guided air circulation and ideal position of the catcher, an above-average amount of clippings fit into the grass collector, minimizing the need to empty it often - saving precious time.

The holding bar is foldable, this means that the unit is easy to transport and can be stored in a space-saving manner.

# LAWN CARE

## Battery Powered PowerMax™ Lawnmower 32/36V P4A Solo

14621-55

Cutting area - 200 m<sup>2</sup>  
Cutting width - 32 cm

LED indicator reflects current battery level.

Ergotec handles with bail arm switch on both sides to provide comfort when mowing. The handle shape supports the natural position of the hand making it extremely easy to push the mower.

QuickFit cutting height adjustment: rotary knob allows adjustments from 20 – 60 mm.

30 L grass collector. Equipped with the Cut-Collect system (CnC), which allows 20% more grass collection due to better air circulation.

This unit requires  
2 x 18V batteries.

2-in-1 mulching shutter: mowing and pick-up or mulching function.

Additionally available

Lawnmower Blade  
**4100-20**

### Lightweight

Light and easy to transport.

### Foldable

For compact storage.

### Adjustable cutting height

10 stages cutting height from 20 - 60 mm.

## Battery Powered Trimmer

### 23/18V Solo

## Powerful, adjustable and lightweight edge trimmer

Easy and cordless lawn trimming: The Battery Trimmer EasyCut 23/18V P4A makes it possible to get your lawn in shape, even in spots that are usually hard to reach! The trimmer is very lightweight, allowing comfortable use for extended periods of time without feeling tired.

The trimmer operates on a RotorCut system and is compatible with all batteries from the 18V POWER FOR ALL ALLIANCE. Depending on the battery used the product can reach a maximum battery run time of up to 135min and cut up to 1125 m of lawn edge per run time.

After a quick and easy assembly, the trimmer can be used straight away. The adjustable handle and telescopic shaft allows you to adapt the cordless trimmer to your needs, this way you can keep an upright and relaxed posture while trimming.

Do you want to cut underneath obstacles? Simply tilt the head of the trimmer. Don't worry about plants that grow in a flower bed at the edge of the lawn, the pull-out and removable plant guard will keep your flowers and foliage well protected.

## Battery Lawnmower

### HandyMower 22/18V P4A Solo

14620-55

The HandyMower is the perfect battery-powered lawnmower for small lawn areas and allows you to cover around 50 square metres. The light weight and compact design makes it incredibly easy to maneuver, so you can access hard-to-reach places beneath objects or your garden furniture, as easy and effortlessly as vacuuming your living room. Compatible with all battery systems from the POWER FOR ALL ALLIANCE.

The HandyMower has a 22 centimeter mulching blade, which shreds the grass clippings finely and lets them fall back into the ground. The cuttings then act as a natural fertiliser. There is no need to collect or dispose of the grass clippings – saving you time.

With a three-stage cutting-height adjustment, you can perfectly adjust to the desired height for your grass.

The option of one or two-handed operation gives you even more flexibility in maintaining the lawn.

Additionally available

Mulching blade  
4105-20

LED indicator that reflects battery level.

Hand control battery operated lawnmower for small gardens.

50 m<sup>2</sup> lawn area coverage.

Single or two-handed operation.

Pivoting handle allows cutting access into difficult spaces such as under trampolines, benches and garden chairs.

22 centimetre mulching blade (Natural fertiliser).

Convenient – no grass clippings to rake after mowing.

Three-stage cutting height adjustment.

# HEDGE & TREE CARE

## Battery Hedge Trimmer 18V PA4 Solo

Cordless, convenient, lightweight trimmers are comfortable and safe for shaping large and small hedges. Perfectly designed to be efficient, fast and easy to use.

Impact protection at the end of the blade protects the blade when cutting close to the ground or along garden walls.

Balanced weight (2.7kg) provides optimal manoeuvrability.

Blades are durable and robust and perfectly designed – for a precise, clean and fast cut.

LED indicator directly on the tool reflects battery level – this minimises downtime as a quick battery change or quick charge can be done.

Handle, with integrated switch, specially designed with complete ErgoLine surrounds enables operating in any cutting position.

\*Additional safety feature: Built-in automatic "Cutting-Stop" is applied when trigger is released.

# HEDGE & TREE CARE

## Battery Telescopic Hedge Trimmer 42/18V P4A Solo

14732-55

max.  
250 m<sup>2</sup>

Battery hedge trimmer with telescopic handle for trimming high branches and hedges safely from the ground.

**\*Additional safety feature: Built-in automatic "Cutting-Stop" is applied when trigger is released.**

# HEDGE & TREE CARE

## Battery Telescopic Pruner 20/18V Solo

14770-55

### Pruning trees without a ladder

Prune high branches at heights of up to four metres safely from the ground using the GARDENA Battery Telescopic Pruner without having to climb on a wobbly ladder putting yourself in danger. The narrow cutting head is practical in two ways: if you tilt it, you can reach tight spots on treetops or you can chop up branches lying on the ground without having to kneel or bend down.

Battery Pruner with telescopic handle for trimming branches up to 4 metres high.

\*Additional safety feature: Built-in automatic "Cutting-Stop" is applied when trigger is released.

# CLEANING

## Battery Blower PowerJet 18V P4A Solo

14890-55

### Powerful, lightweight & convenient.

The new lightweight and compact GARDENA Battery PowerJet Blower 18V brings powerful speed and efficiency to outdoor cleaning. Completely mobile for use around the house & garden.

#### Ergonomic handle position

For easy work

#### Adjustable speed up to 100 km/h

One of the lightest blowers  
on the market  
1.8 kg w/o battery

18V, 2.5 Ah System

#### Battery P4A: for regular jobs

Optimized run time and performance ratio, perfectly balanced and light (air volume 7.9 m<sup>3</sup>/min)

18V, 4.0 Ah System

#### Battery P4A: for tougher jobs

Activation of 10% more power (air volume 8.9 m<sup>3</sup>/min)

#### Spot nozzle

Extension of tube and more precise work

#### Powerful

Strong blowing performance with powerful axial fan.

#### Individually adjustable speed

Speed can be easily adjusted with just one finger.

#### 2 in 1

Spot nozzle for direct cleaning application.

#### Easy Storage

Compact design and space saving storage.

# CLEANING

## Pressure Washer AquaClean 18V/24 Bar P4A Solo
