## Electric Powered PowerMax™ Lawnmowers

## Powerful and Ergonomic

### Easy to use, ergonomic and reliable lawnmowers for all gardens.

The range of PowerMax™ electric lawnmowers designed for all garden sizes makes mowing easy and effortless. Fitted DuraEdge blades are double hardened provide excellent cutting results and optimum grass coverage.

- Equipped with the Cut-Collect system (CnC), which allows 20% more clippings in the grass collector due to better air circulation. The GARDENA electric lawnmowers (models 5037-20 and 5042-20) are also equipped with a 2-in-1 mulching shutter: mowing and pick-up or mulching function.
- Ergotec handle with bail arm switch on both sides provide comfort when mowing.
- The handle shape supports the natural position of the hand, making it extremely easy to push the lawnmower.

#### Cutting Height adjustment features:

QuickFit = rotary knob allowing central adjustment of 10 height settings from 20 – 60 mm.

QuickFit Plus = lever adjustment of 5 cutting height settings from 20 – 60 mm.

## Electric Powered Turbo Trimmers

## Comfortable trimmer with easy handling and practical functions.

Comfortable trimming and cutting edges with the Turbotrimmer ComfortCut 550/28 and PowerCut650/28.

- Designed to work in difficult spaces and hard to reach places or lawn edges.
- The trimmer is very lightweight, allowing comfortable use for extended periods of time without feeling tired.
- The adjustable handle and telescopic shaft allows you to adapt the trimmer to your needs, this way you can keep an upright and relaxed posture while trimming.

After a quick and easy assembly, the trimmer can be used straight away.

Do you want to cut underneath obstacles? Simply tilt the head of the trimmer. Don't worry about plants that grow in a flower bed at the edge of the lawn, the pull-out and removable plant guard will keep your flowers and foliage well protected.

# LAWN CARE

## Electric Powered Turbo Trimmers

The additional handle can be adjusted for ergonomic use while the vertically adjustable telescopic shaft can be adapted to your height.

Adjustable handle and telescopic shaft to keep a comfortable and upright posture while using the trimmer.

Adjustable trimmer head of 0, 10 or 60 degrees. Allows working around obstacles such as table, garden bench and pot plants.

Removable plant guard protect flowers.

# HEDGE & TREE CARE

Electric Hedge Trimmers  
ComfortCut

## Convenient guidance and even balance – perfect for cutting medium-sized hedges.

The powerful hedge trimmer is particularly suitable for convenient trimming of medium to large sized hedges. With its balanced weight, the hedge trimmer provides optimal manoeuvrability even for longer trimming jobs. The specially designed ErgoLine handle with integrated switch, enables operating in any cutting position.

Impact protection at the end of the blade protects the blade when cutting close to the ground or along garden walls.

Laser-cut precision blades enable efficient, fast and clean cutting of twigs and branches.

### *Did you know?*

The electric trimmer range has been awarded the prestigious reddot award for superior quality.

Internationally recognised award for product that display innovative design, seal of quality, attractive brand design and design value.
